

PANGEA  
Connecting Everything

# Intelligent connectivity partnerships

Everything you need to know  
in just 2 minutes

[pangea-group.net](http://pangea-group.net)

We're helping resellers, MSPs, ISPs, and solution providers help their customers overcome real business challenges and reach tangible outcomes. **All through intelligent mobile connectivity, value-added services, and years of connectivity know-how.**

## With intelligent mobile connectivity, you can:

**Stop worrying about outages, bandwidth, or coverage**  
with unsteered Multi-network SIMs

**Send your devices anywhere in the world** with seamless roaming between 185 countries and 960 networks

**Use any SIM-enabled device for your solution,** including tablets and Mi-Fis

**Forget all about overages.**  
Our adaptive tariffs fit your usage, so you're protected from bill shock

**Add static IPs**  
so you can connect hosted products

**Meet compliance regulations**  
using our mobile content filter to protect users

**Enjoy connectivity tailored to fit your business.** Any amount of SIMs and data, from MBs to TBs

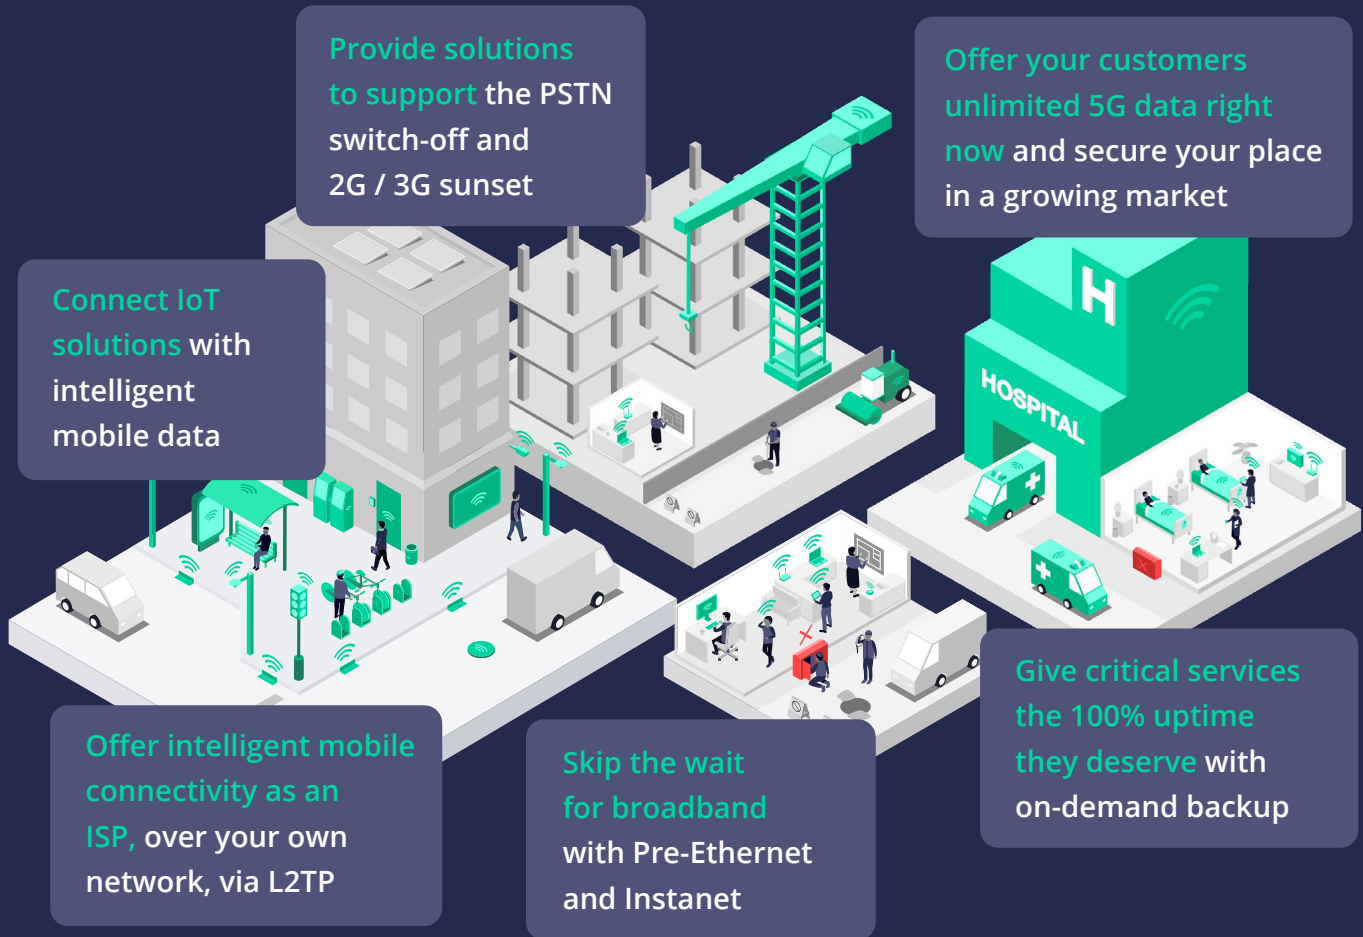

**Make changes on the fly with our portal.** View your usage, set up usage alerts and data caps, and more

**Control your entire SIM estate at once**  
with aggregated data pools

## Making it easy for you to:

## What makes our partner programme the best?

### We only work with partners.

No competing with you for customers.

### We live and breathe intelligent mobile connectivity.

No muddying the waters with other products, and no competing with you on fixed-line deals.

### You can lean on us for coaching and guidance.

You'll have full access to our team of seasoned connectivity experts, anytime.

### And our mobile connectivity is the best on the market.

We build it right, so you won't have to lose hours troubleshooting each week.

# Our intelligent mobile connectivity powers:

## Your solution's in good hands with us.

It was a natural choice for us to team up with the frontrunners in the IoT and mobile connectivity market.

**Julien Parven, Director**

They've tangibly improved our service, and coverage isn't a hassle at all anymore. Now we can focus on our products rather than worry about the setup.

**Tim Haffenden, Technical Director**

# Want to know more about our Partner Programme?

Win more high-margin connectivity deals

[Click here if you're a Telecoms Reseller](#)

Win more bids and secure the most valuable tenders on the market

[Click here if you're an MSP](#)

Turn mobile from a risk into a revenue stream

[Click here if you're an ISP](#)

Get robust connectivity for your IoT solution

[Click here if you're an IoT Solution Provider](#)

We provide intelligent mobile connectivity for technology providers with customers and things to connect.

Plus the coaching to find lucrative deals, and the support to win them.

**To top it off: we're IoT and channel only. Your connectivity is our sole focus.**
